

Mulgara - Bug #134

Jar files contain duplicates

07/24/2008 10:17 PM - Paula Gearon

Status:	New	Start date:	
Priority:	Normal	Due date:

Target version:			
Resolution:			
Description			
<p>There are multiple occurrences of several files in the distribution jars. For instance, grepping for the Castor generated file Jetty:</p>			
<pre>\$ jar tf mulgara-2.0.0.jar grep 'Jetty\.class' org/mulgara/config/Jetty.class org/mulgara/config/Jetty.class org/mulgara/config/Jetty.class org/mulgara/config/Jetty.class org/mulgara/config/Jetty.class</pre>			
<p>The final jars are built out of several sub-jars, which is where the duplicates come from. These duplicates need to be removed.</p>
