Description

All recent files were supposed to be with the Apache license, but unfortunately my macros have still been creating OSL files. These need to be corrected.

History

Paul's code has been updated in r1379. Still need to update classes created by Andrae, Alex, Ronald and Brian.

#2 - 11/25/2008 05:19 AM - ronald -

AFAICT all classes I've created are under Apache v2 license.
