<b>Resolution:</b>			
<b>Description</b>			
Was looking for a link to the wsdl files on the webserver and could not find it by just browsing the website. Was able to find the link:  <a href="http://localhost:8080/webservices/services">http://localhost:8080/webservices/services</a>  by examining log files.  Would be nice to have a link on <a href="http://localhost:8080/webservices/">http://localhost:8080/webservices/</a> to <a href="http://localhost:8080/webservices/services">http://localhost:8080/webservices/services</a>
