

Mulgara - Feature #91

Refactor OperationContext to provide access to the Operational-Subset of Session.

03/26/2008 03:45 AM - Andrae Muys -

Status:	In Progress	Start date:	
Priority:	Normal	Due date:	
Assignee:	Andrae Muys -	% Done:	0%
Category:	Mulgara	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description Currently we have multiple Operation classes performing their own explicit insertion routines. This duplication should be refactored into ModifyModelOperation , and all other operations that require insertion functionality should do so via calls to Session::insert() and Session::delete().
