

Mulgara - Feature #158

Cache index readers and writers in !LuceneResolver

10/19/2008 10:14 AM - ronald -

Status:	Closed	Start date:	
Priority:	High	Due date:	
Assignee:	ronald -	% Done:	0%
Category:	Mulgara	Estimated time:	0.00 hour
Target version:			
Resolution:	fixed		
Description New lucene index readers and writers are currently created for every transaction. This is costly, so we should provide a pool of index readers and writers, and re-open the readers at the start of a transaction if anything has been written since they were last (re-)opened.
