

Mulgara - Feature #198

SPARQL XML results encoding

09/01/2009 08:02 PM - Gregg -

Status:	New	Start date:	
Priority:	Normal	Due date:

Target version:	SPARQL Query Engine		
Resolution:			
Description			
<p>Currently the XML response to SPARQL queries does not specify an encoding in the XML header. The SPARQL Protocol definition doesn't seem to address this, and the examples omit it; but the SOAP example includes it. As a matter of "best practice" I think Mulgara should always explicitly indicate the encoding.</p>
