

## Mulgara - Bug #28

**enlistedResolverMap needs to be migrated from RF->R to RF-URI->R. This requires a change to the Resolver SPI.**

<b>Resolution:</b>	fixed		
<b>Description</b>			
<p>We need a method on <code>[[ResolverFactory]]</code> that returns the <code>modelTypeURI</code>.</p> <p>&lt;br/&gt;</p> <p>&lt;br/&gt;</p> <p>Then we need to use a <code>URI</code> &gt;</p> <p>Resolver mapping for enlisted resolvers rather than <code>[[ResolverFactory]]</code> &gt;</p> <p>Resolver. This will allow a clean fix for <a href="http://mulgara.org/trac/ticket/2" title="Multiple writers not supported">"Multiple writers not supported"</a> transactioning error occurs if reading and writing concurrently" &gt;<del>MGR-2</del>&lt;/a&gt;.</p> <p>&lt;br/&gt;</p> <p>&lt;br/&gt;</p> <p>I'll go ahead with this fix as soon as I've given users a chance to comment on the SPI change.</p>
