Description

I couldn't find any mention in the docs of the 'minus' function. It would be quite useful $\ensuremath{\,^{<\!}}\xspace$ br/> $\ensuremath{\,^{<\!}}\xspace$

if it were properly documented.

History

Added to the documentation already.

Unfortunately, this was removed (along with docs on Krule) during the recent reformat. The data is still in S VN and should be merged again soon.

In the meantime, the docs for " minus" were added for revision <a href=

"http://mulgara.org/trac/changeset/136">136:

svn diff -r 135:136

The old filename was 187.htm. The new filename is itqlcommands/select.html.

The docs for krule were added in a file called krule.htm in revision <a href=

"http://mulgara.org/trac/changeset/137">137:

svn diff -r 136:137

#2 - 02/28/2007 10:38 PM - Paula Gearon

Krule.html made it in after all. Only 187.htm was missed.

Fixed in rev #229.
